Procedure

The Sport and Active Recreation Committee will update the list annually in first term. The Committee will, via the school newsletter, request that parents provide updated information for inclusion in the list for that year. Additional clubs and organisations can be added periodically at the discretion of the Committee. The list will be made available via the School Website.

Parkhill parents who wish to include a club or organisation on the list should contact Principal Rod McKinlay and provide:

- Club name
- Parent name (and contact phone) and current children at Parkhill PS.
- Location of ground, facility or activity for games and training.
- Club Website.

Clubs or groups not appearing on this list will not be able to advertise in the school newsletter or have information distributed to the school community via noticeboards etc.

A parent contact must be provided for a club or organisation to remain on the list unless it is the only group offering that activity in the local area.

Generally the list is for not-for-profit organisations and clubs not privately run organisations or businesses.

List updated: Nov 2014
